

## Association Profile from the Doctorate Records File: 1976-2016

---

To obtain the profile of the doctorate record file for your doctorate fields of interest, please complete and return the form below. Please select the doctorate fine fields listed in the "Fields of Study" appended to this form by indicating the field names and corresponding code numbers below. **Unless you indicate otherwise, all fields selected will be aggregated into one dataset. If you need data by separate subfield(s), please submit a separate request for each subfield(s).** For multiple requests, please indicate the number in the top right-hand corner of each page.

Upon receipt of the completed form, your association will be provided with instructions to download a self-extracting executable dataset in Excel format and full documentation of the data set via a secure FTP website

**Data Product:** Association profile derived from the Doctorate Records File, 1976-2016

**Association Name:** \_\_\_\_\_

**Doctorate Field Name(s) & Code(s):**

\_\_\_\_\_

\_\_\_\_\_
